Summary

Technology executive with extensive global leadership experience leading teams across US, Europe, & India. For the better part of last 2 decades, I've built networking products of multi-dimensional complexity for telcos as well as enterprises. I also bring deep, hands-on experience with incubating and scaling MNC R&D operations.

Specialties:

- Razor sharp execution focus - "Get It Done"
- Product leadership of large, cross-discipline, multi-site, multi-cultural teams
- End-to-end product life cycle management (concept to deployment to end-of-life)
- Open source engagement
- Agile development methodologies
- Leading small scale incubations to larger (>500 member) teams
- Negotiated business partnership terms/SLAs with 3rd party HW/SW vendors
- Handled sensitive customer relations in deployments with significant revenue repercussions
- Exec level site management: industry connect, finance, branding, HR, operations, HQ management
- Key technologies: Cloud, Virtualization, SDN, NFV, Security, IP, WLAN, Network transformation
